

MONOBLOCK & SELF PRIMING PUMPS

High-Performance Industrial & Domestic Monoblock Pumps

For more information, Contact Us at +91 93631 46829.

Mini Monoblock Pumps

Model : HSPP - Series

Power (HP) 0.25 HP, 0.5 HP, 1.0 HP
(240V, 50Hz, AC 1 Phase)

Speed 2880 RPM

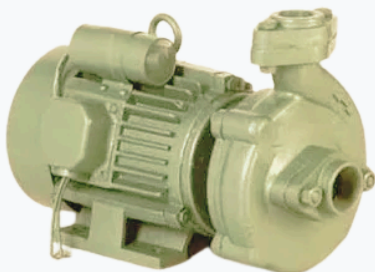

Discharge Range 10 LPM to 45 LPM

Suction Lift 8 Meters

Delivery Head Range 3 Meters to 40 Meters

Pipe Size (Suction x Delivery) 20 x 20 mm, 25 x 25 mm

Hindusthan Monoblock Pumps are high-performance pumps featuring a scratch-resistant powder-coated finish and a rust-proof extruded aluminium body. Lightweight, portable, and easy to install, they are designed for reliable operation, simple maintenance, and long-lasting performance in both industrial and domestic applications.

Centrifugal High Head Monoblock Pumps

Model : HHMBP - Series

Power (HP) 0.5 HP (240V, 50Hz, AC 1 Phase)

Speed 2880 RPM

Discharge Range 15 LPM to 72 Lpm

Suction Lift 8 Meters

Delivery Head Range 6 Meters to 21 Meters

Pipe Size (Suction x Delivery) 25 x 25 mm

Hindusthan Centrifugal High Head Monoblock Pumps feature a compact, heavy-duty cast iron construction and are engineered for superior performance and durability. Suitable for residential buildings, apartments, and small irrigation systems, these pumps ensure reliable and efficient water delivery with minimal maintenance.

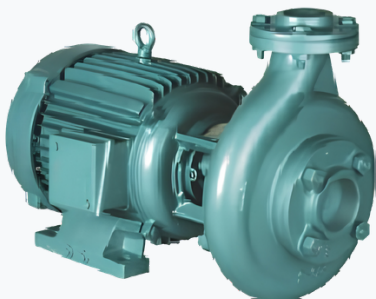

Centrifugal Monoblock Pumps

Model : HMBP - Series

Power (HP)	0.5 HP, 1.0 HP, 2.0 HP (240V, 50 Hz, AC 1 Phase)
Speed	2880 RPM
Discharge Range	34 LPM to 300 LPM
Suction Lift	8 Meters
Delivery Head Range	6 Meters to 27 Meters
Pipe Size (Suction x Delivery)	25x25, 32x25, 40 x 40, 50 x 40, 50x50, 65 x 50, 75 x 65 mm

Hindusthan High-Speed Centrifugal Monoblock Pumps feature a robust cast iron construction and energy-efficient fan-cooled motors designed for continuous operation. Offering dependable performance even under low-voltage conditions, these pumps are suitable for homes, hospitals, hotels, apartments, farms, and sprinkler systems.

3 Phase Monoblock Pumps

Model : HMBP - Series(ThreePhase)

Power (HP)	3 HP, 5 HP, 7.5 HP, 10 HP
Speed	2880 RPM
Discharge Range	200 LPM to 900 LPM
Delivery Head Range	18 Metres to 45 Metres
Pipe Size (Suction x Delivery)	65x50, 75x65, 100x75 mm
Suction Lift Capacity	7 Meters

Hindusthan 3-Phase Centrifugal Monoblock Pumps feature robust cast iron centrifugal impellers that provide high head and high discharge performance. Designed for heavy-duty operation, they are ideal for agriculture, irrigation, sprinkler systems, public water supply, and industrial water handling applications.

Jet Monoblock Pumps

Model : HJP - Series

Power (HP) 0.5 HP, 1.0 HP, 1.5 HP
(240v, 50Hz, AC 1 Phase)

Speed 2880 RPM

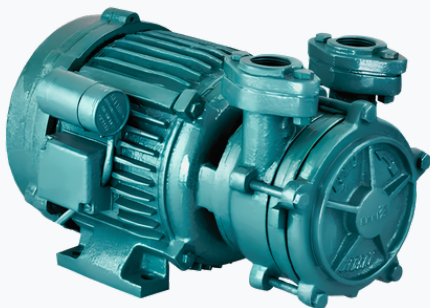

Discharge Range 10 LPM to 45 LPM

Delivery Head Range Upto 21 Metres

Pipe Size (Suction x Delivery) 32x25x25, 40x32x25 mm

Suction Lift Capacity 10 Meters to 50 Metres

Hindusthan Jet Monoblock Pumps are ideal for drawing water from 4-inch and larger borewells. Designed for convenient installation away from the well source, they provide dependable performance for residential buildings, hotels, flats, hospitals, and drinking water supply applications.

Slow Speed Selfpriming Monoblock - DMS2

Model : HSPS/PP - Series

Power (HP) 0.5 HP, 1.0 HP
(240v, 50Hz, AC 1 Phase)

Speed 1440 RPM

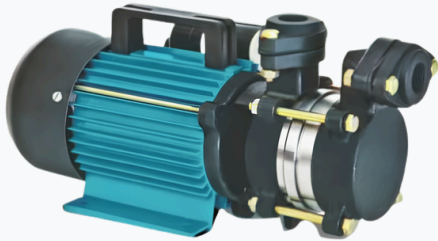

Discharge Range 32 LPM to 60 LPM

Delivery Head Range 6 Meters to 39 Meters

Pipe Size (Suction x Delivery) 25 X 25 mm

Suction Lift Capacity 8 Meters

Hindusthan Slow-Speed Self-Priming Side Channel Pumps combine compact design, high efficiency, and quiet operation for reliable continuous service. Built to deliver high working pressure and long-lasting performance, they are suitable for homes, hospitals, hotels, apartments, and sprinkler system applications.

Model : HSSSP - Series

Power (HP) 0.5 HP (240v, 50Hz, AC 1 Phase)

Speed 2880 RPM

Discharge Range 15 LPM to 60LPM

Delivery Head Range 6 Meters to 30 Meters

Pipe Size (Suction x Delivery) 25 X 25 mm

Suction Lift Capacity 8 Meters

Hindusthan High-Speed Super Suction Pumps offer a compact design, high efficiency, and quiet operation for dependable continuous service. Built to withstand demanding conditions and deliver high working pressure, they are well-suited for homes, hospitals, hotels, apartments, and similar applications.
